

**Advisory Board of the Business Unit “Industrial Services“
for the companies TÜV NORD CERT GmbH, TÜV NORD Systems GmbH
and TÜV NORD Luxembourg**

The Advisory Board monitors the certification body of TÜV NORD CERT, TÜV NORD Systems Certification bodies PÜZ for BauPVO, ZfP-Personnel Certification and SEECERT as well as the certification body for Railway Interoperability Directive of TÜV NORD Luxembourg and confirms ensuring independence and the impartiality of certifications and decision-making processes to the considered certification bodies in an annual meeting. This is described in chapter 5.2 of DIN EN ISO/IEC 17021-1 (Handling of impartiality) or in chapter 5.2 of DIN EN ISO/IEC 17065 (mechanism for ensuring impartiality).
