For all who trade vehicles at an international level.

TÜV NORD
service package

Data sheet service

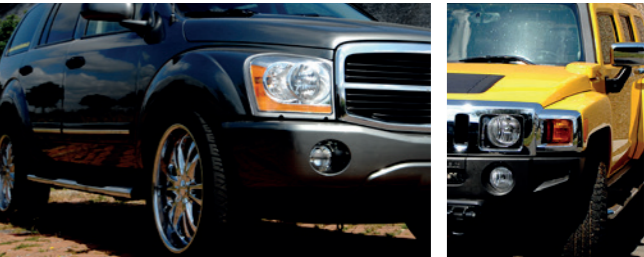

“We supply you with vehicle data for the last 10 years and earlier, and we continually update this data base with new vehicle data.”

Nadine Cullinane – Administrator

Our archive of vehicle part expert opinions comprises mainly US vehicle data:

- on exhaust emission characteristics
- on the admissibility of headlights
- on brake systems
- on the electromagnetic compatibility (EMC)
- on noise behavior.

YOUR CUSTOM-MADE SERVICE PACKAGE

Simplified procedures in international vehicle dealership

With our service packages tailored to your needs, procedures for the import and export of your vehicles run smoothly.

You wish to register your vehicle abroad or your foreign vehicle in Germany? No problem, we will help you!

Our services also include comprehensive information and advice regarding vehicle registration, retro-fitting and pre-tests for homologation (compliance with local standards).

WORLD-WIDE DEALERSHIP WITHOUT RISKS

The complete and comprehensive package

As an alternative to the registration certificate Part II, we offer you our data sheet service including

- all required data for the creation of registration certificates I and II (ZB I and ZB II)
- availability check on vehicle data via the web service of TÜV NORD Mobilität GmbH & Co. KG
- confirmation of all approved wheel/tyre combinations.

Country of origin	► via Germany to	► recipient country
Vehicle inspection	one-day registration based on COC or § 21 StVZO	export certificate
Vehicle evaluation	expert opinion according to §§ 19/21 StVZO (vehicle modifications)	data sheet service
Documentation online	Creation of expert opinion according to EU guidelines	or registration documents that are approved and agreed with the authorities
Expert opinion according to §13 EG FVG in Germany and Europe		

WORLD-WIDE DEALERSHIP WITHOUT RISKS

COMPREHENSIVE SERVICE

Registrations in Germany and Europe

We are there for you and will take care of:

- All required inspections
- COC-documents and permissible exceptional permissions
- Administrative tasks (application to the Road Traffic Department and security clearance at the KBA [Federal Motor Vehicle Transport Authority])
- Registration certificate Part II for new vehicles
- One-day registrations by FS FAHRZEUGSERVICE GmbH & Co. KG (a company of TÜV NORD Group)
- Data sheet service
- Export certificate

Registration in Germany/required documents for the registration certificate Part II						
	Original manufacturer's COC document	Proof of ownership (invoice or contract)	Test report according to § 21 StVZO	Legal authorisation to register the vehicles on FS ³	Proof of duty payment ¹	Registration papers from the country of origin
New EU vehicles with EC type approval	■	■	■ ²			
Used EU vehicles with EC type approval	■	■	■ ²	■		■
New EU vehicles without EC type approval		■	■		■	
Used EU vehicles without EC type approval		■	■	■ ⁴	■	■

1 Not required with intra-Community acquisition | 2 If a COC exists | 3 FS (vehicle service) FAHRZEUG-SERVICE GmbH & Co. KG | 4 Registration certificate II only in connection with registration
