

## Notification of production-free times for manufacturer under MDD

Dear Sirs and Madames,

Please let us know your production-free periods for 2019 by the end of the second calendar week 2019 at the latest. Any changes during the year are also to be indicated. Please note that this notification requirement also applies to your critical suppliers. In the case of OEM / PLM conditions, a report previously submitted to TÜV NORD CERT for an unannounced audit already performed by another Notified Body by the OEM manufacturer may be acceptable.
